Mr. E. W. Pehrson, NIS Projects Coordinator  
Department of the Interior

**SUBJECT:** Procedure for State Review of  
NIS Sections 61, 62, and 63

Because of many complications involved in the transfer of responsibility for National Intelligence Survey production from State to CIA, it will be necessary to continue operations under existing procedures for an interim period - 1 July to 1 October 1961.

During this period State will discharge its former functions to the greatest extent possible and the Intelligence Advisers for Sections 61, 62, and 63 will continue their duties with respect to the Departments of Agriculture and Interior. All procedures for producing Sections 61, 62, and 63 will continue in accordance with Instructions INR/NIS 2 and 3, revised February 17, 1961 and February 20, 1961, respectively, copies of which are attached.
